

TEMPLATE CHECK LIST

We like our customer have a pleasant experience when replacing their countertops. To help us make sure this is the case, we created a template checklist to help this undertaking to be successful. Our goal is to make your project measurements are accurate. Please take a moment to review and check off the list below. If you have any questions about any of the below items please call us at (503) 649-5852.

- The homeowner or designated representative 18 years of age or older must be present during the entire template process. This person shall be able to verify slab color, edging as well as answer any questions we might have. This is person must be able to approve template and/or make decisions about seams, over-hangs, cut outs, etc.
- Custom countertop Templating will not proceed without a person of authority present. The appointment will be rescheduled and an additional trip charge may apply.
- After template completion, all project details will be considered final and may not be changed.
- All material, edge detail and overhang dimensions have been approved by customer. Excessive overhangs might need supports. Sunset Granite can supply supports upon request at additional cost.
- All UPPER and LOWER cabinets as well as END PANELS have been set LEVEL within 1/8 of an inch and STRAIGHTEN in their permanent location(s).
- All existing countertops and decking have been removed and cabinets are ready to template. Please check cabinet levels and level if need it when replacing countertops. We cannot guaranty our work when the cabinets are uneven.
- It is understood that cabinets out of level or straightness (including existing cabinets in remodels) will need to be properly level and adjusted prior to installation of countertops. Leveling and adjustments are NOT included in the countertop price and Sunset Granite doesn't do any woodwork or cabinet leveling work.
- Client must clean and remove all items from cabinets, under-sink-base cabinet and surrounding area prior to templating. All appliances and fixtures i.e. sinks, range, cook-top, faucets, etc. are on job-site or in our possession prior to template appointment for measurement purposes. It is common for some sinks to bring them to our shop for accurate dimensions cut outs and will be returned on the installation date.
- All electrical boxes are in their appropriate permanent location(s). This is important when we template for wall-splash or backsplash electrical outlet cut out.
- Customer is responsible for disconnecting and reconnecting of sinks, faucets, and appliances
- All fall-off material (i.e. sink cut-outs, cook-top cut-outs, etc.) is property of Sunset Granite
- Prior to installation, customer is recommended to cover anything they want to protect. The installation may result in some dust.
